

My Life, My Way. This is My Legacy.

My Intention is to treat myself with the same love, compassion, empathy and understanding, that I bestow upon others. This is my prayer for my highest and best.

I am worthy and I deserve all good. Not some, not a little bit, but all good. I now move past all negative restricting thoughts.

I release and let go of any limitations held by my parents, my children, my ancestors, my family or friends. I love them, I bless them and I go beyond their negative opinions and limiting beliefs. I am not bound by any of the fears or prejudices of the current society I live in. I no longer identify with limitations of any kind.

I take dominion of my life, right here; right now! In my mind I have total freedom. I now move into a new space of consciousness, where I am willing to see myself differently. I am willing to create new thoughts about myself and about my life. My new thinking becomes new experiences.

I now know and affirm that I am at one with the Prospering Power of the Universe. As such, I now prosper in a number of ways. The totality of possibilities lies before me. I deserve life, a good life. I deserve love, an abundance of love. I deserve good health. I deserve to live comfortably and to prosper. I deserve joy and happiness; I deserve freedom to be all that I can be. I deserve more than that. I deserve all good.

The Universe is more than willing to manifest my intention to live my life, my way; for my way, is God's way. This is my time; my calling; and my legacy. And I accept this abundant life with joy, pleasure, and gratitude, for I am deserving. I accept it; I know it to be true.

And so it is.
